To,

The Training and Placement Officer,
Punjabi University.
Patiala (Punjab)

Greetings of the day!!!

As per our discussion regarding the Internship drive, we feel pleasure to send our proposal same to be conducted at your esteemed institution.

We, Pisoft Informatics Pvt Ltd, are a rapidly growing Mohali based IT company, providing solutions into Software Development, Web Services, Web Hosting & Domain Registration,ERP Solutions, Hardware & Networking and Design & Implementation.

Our efficient and experienced team is a greatest resource with latest infrastructure that houses a team of young and competitive professionals having experience in providing dedicated and high end solutions to our clients. Our products and services are user friendly and built with a proactive approach to our client's need with strong follow up and interaction with them during their project construction using a complete software development life cycle and dividing a channelized system with different phases like requirement gathering, analysis, designing, development, testing live, deployment and maintenance.

Clients we serve include individuals, educational institutes, e-commerce online marts, finance sector, medical professionals and other business establishments. Our most valuable asset at Pisoft is client satisfaction by timely delivering user friendly applications with maximum performance and minimum errors.

OUR CURRENT INITIATIVE IS OUR HOPE - Highly Objective Professional Expertise Program.

HOPE is an intensive six months Internship / Industrial Training Program for students undergoing studies in MCA, streams. Under this program students will learn and master an advance technology like PHP, Java, Microsoft .Net, Designing and networking in first 2-3 months along with their Soft Skills and Professional Development. Post completion of this learning student will work for at least 90 days on our projects mainly for in house product development and client projects. After successful completion of a period of 6 months student may get an opportunity to join us as employee or will also be eligible to get 100% placement assistance.

The current requirement is of 10 candidates for the Profile of Trainee Developer / Web Designer / Networking professional.

Qualification- B-Tech- CSE/IT/ECE
Experience: Fresher
Technology: Java/PHP/.Net/Designing/Networking/Technical Support Engineer/System administrator

Profile- Jr. Software Developer, System Administrator, Web Designer

Remuneration: All candidates will be trained under HOPE Program. Meritorious student may get stipend of up to **Rs. 8,000/- Monthly** during internship. After successful completion of internship selected students will be offered a minimum salary package of Rs.1.5 Lacs (Per Annum) to Rs. 2.0 Lacs (Per annum) depending on the ability of candidates to deliver. The selection will be based on written test and personal interview.

Taking further this initiative we wish forward for a selection / recruitment drive at your campus with suitably available dates as per understanding. Enclosed is also our company profile for your ready reference.

Thanks and Regards
Neha Malik
